SUMMARY OF THE REASONS FOR DECISION:

The video recording is deemed objectionable under section 3(2) of the Films, Videos, and Publications Classification Act 1993 because of the portrayal of a female, represented as a small child, engaging in sexual activity with a caregiver. It depicts childcare activities as legitimate sexual activities and a close-up depiction of the use of urine in association with sexual conduct for the purposes of the sexual arousal of the viewer. *The Baby Clinic* is therefore considered to promote and support the exploitation of children for sexual purposes and the use of urine in association with sexual conduct.
